School Lapel Badges

Only a truly classic lapel badge can successfully present your school's face to the community. *PRECISION'S* badges are made from copper or brass, plated in real gold (or nickel if you prefer) and coloured with your choice of a vast number of baked enamel colours. The cost is surprisingly low, and we do not charge for diemaking or tooling for new designs. Our skilled diemakers can copy direct from your existing badge, or for a new design, we have a free of charge design service.

Fundraisers/Special Events/Awards

Feel free to use our advice and design skills to create unique and beautiful awards and commemorative crested ware. We can also advise on the best selling lines and how to make the most of your budget. We love a challenge so even if you think your idea is too complex, talk to us!

Medals and Keyrings

When your school needs **quality** medals for your achievers, or medallions to commemorate a special event, then *PRECISION* is your choice. Superbly crafted by our skilled and motivated diemakers, your medals will be treasured forever. Keyrings by *PRECISION* will be appreciated and kept for years. Crisp, clear detail, baked enamel colours and strong fittings are our trademarks.

Metal Name/Title Badges With Logo

Since their recent introduction, these badges have proven enormously popular, being a vast improvement over the old style bar-and-school badge combination. Students of all ages appreciate the modern style, while principals feel that they enhance the school's image in the community. You can now have matching badges with an infinite diversity of other information, as seen in these examples. Our minimum order of 25 allows up to **25 different** sets of words and figures. All with your school crest faithfully reproduced on strong, lightweight brass, with gold or nickel plating.

Embroidered Badges

PRECISION'S iron-on or sew-on badges are beautifully made with high stitch density for durability and design clarity. Our advanced technology and high turnover mean we can waive the industry's customary set-up charges, so it will cost you nothing to make the change to *PRECISION'S* superior quality. Our easy to read price list enables you to see at a glance your exact and total cost.

Title Bars

We have the largest collection of titles in Australia and New Zealand. There are over five hundred so we can't display them all here, but feel free to ask us to fax or email the complete list. We probably have the title you need, but if not we will make a new title for you, if you order as few as 25 bars. We will also custom manufacture for you in any colour you desire, but if you only need red, yellow, green or blue enamel we can supply all the more common titles from stock. All are available with or without loop.

Any logos or registered trademarks illustrated are to demonstrate type of product available. Items bearing such trademarks or logos will only be supplied to the lawful owners or licencees. Use of these trademarks does not imply that PRECISION BADGES have the approval or endorsement of the owners of these logos or trademarks.
